3. Date of Filing of This Petition After Abandonment

(check all items which apply)

This petition is being filed:

- ☐ within 3 months after the applicant was first notified of abandonment  
☒ within 1 year of the date of abandonment

*NOTE: Under very limited conditions, a petition to revive for unintentional failure to pay the issue fee may exceed the one year limit when abandonment is due to action or inaction by the applicant and the PTO performs a positive documented Official act which could lead a reasonable individual to conclude that the action or inaction was appropriate. Notice of Aug. 26, 1985 (1059 O.G. 4).*

4. The delay in payment of the issue fee was unintentional. The entire delay from the due date in paying the required issue fees until the filing of this petition was unintentional. 37 C.F.R. Section 1.137(b)(3).

5. Payment of the issue fee (37 C.F.R. Section 1.137(b)(1)):

*NOTE: 35 U.S.C. Section 41(a)(7) authorizes the acceptance of an "unintentionally delayed payment of the fee for issuing each patent." Thus, the statute requires the payment of the issue fee as a condition of reviving an application abandoned or patent lapsed for failure to pay the issue fee. Filing a continuing application without payment of the issue fee or any outstanding balance thereof is not an acceptable reply. A 37 C.F.R. Section 1.137(b)(1) petition for unintentional revival indicates that "[i]n an application or patent, abandoned or lapsed for failure to pay the issue fee or any portion thereof, the required reply must be the payment of the issue fee or any outstanding balance thereof." (emphasis added). See also M.P.E.P. Section 711.03(c), 7th Edition.*

*NOTE: The petition must contain or refer to payment of the issue fee then in effect, if no portion of the issue fee was previously submitted, or any outstanding balance of the issue fee then in effect, if a portion of the issue fee was previously submitted. M.P.E.P. Section 711.03(c), 7th Edition.*

8. Showing Required When Petition Being Filed Is More Than 3 Months From Notification of Abandonment or More Than 1 Year After Abandonment

*NOTE: The applicant must carry the burden of proof to establish that the "entire" delay, from the due date for the fee and the filing of a grantable petition, was unintentional regardless of the circumstances that originally resulted in the abandonment of the application. M.P.E.P. Section 711.03(c), 7th Edition.*

*(complete the following, if applicable)*

☒ Because this petition is more than 3 months after the date the Office first notified the applicant that the application is abandoned, applicant additionally submits a showing as to how the delay between the date the applicant was first notified that the application is abandoned and the filing of this petition under 37 C.F.R. Section 1.134(b) was unintentional. 62 Fed. Reg. 53,131, 53,159 (Oct. 10, 1997). See M.P.E.P., Section 711.03(c), 7th Edition.

See, Renewed Request of June 16, 2004.

☐ Because this petition is more than 1 year after the date of abandonment of the application, applicant additionally submits further information as to when applicant (or applicant's representative) first became aware of the abandonment of the application, and a showing as to how the delay in discovering the abandoned status of the application occurred despite the exercise of due care or diligence on the part of the applicant (or applicant's representative). 62 Fed. Reg. 53,131, 53,159 (Oct. 10, 1997). See M.P.E.P., Section 711.03(c), 7th Edition.

9. Terminal Disclaimer

*NOTE: 37 C.F.R. Section 1.137(c) requires that a petition under 37 C.F.R. Section 1.137(b) be accompanied by a terminal disclaimer (and fee), disclaiming a period equivalent to the period of abandonment, regardless of the period of abandonment, in: (1) a design application; (2) a nonprovisional utility application filed before June 8, 1995; or (3) a nonprovisional plant application filed before June 8, 1995. Any terminal disclaimer pursuant to Section 1.137(c) must also apply to any patent granted on any continuing application that contains a specific reference under 35 U.S.C. Sections 120, 121, or 365(c) to the application for which revival is sought. The provisions of Section 1.137(c) do not apply to lapsed patents.*

A. ☒ This utility/plant application was filed on or after June 8, 1995 and no terminal disclaimer is required.

OR

B. This application is:

- ☐ a design application
- ☐ a nonprovisional utility application filed before June 8, 1995
